How Support for delivery

**Support & Delivery Service
Strategic Framework**
Launched March 2017

Vision

To realise a

**One Wales Seamless
Service**

for supporting and delivering
high quality health and social
care research

One Wales Seamless Service Aims

Public

We will **increase opportunities** for patient and the public to participate in, and benefit from research, **regardless of geographical locations**, whilst protecting their interests

Research customers

We will enable chief investigators and industry to set-up studies in **multiple sites** across Wales **in a single access** streamlined and efficient way

Staff

We will attract and deploy appropriately **skilled, qualified experienced staff** in a consistent way, embedding shared values and behaviours

CRUK co-funded cancer research nurses

- Embedded within Support & Delivery service

Supporting CRUK events across Wales e.g.

- Race for life
- National Eisteddfod
- “Biology Rocks” in Cardiff Museum

A screenshot of the National Museum Cardiff website. The page is titled "National Museum Cardiff" and features a navigation menu with options like "Home", "Highlights", "Plan Your Visit", "What's On", "Learning", and "Venue Hire". The main content area is for an event titled "Biology and Geology Rock!" scheduled for 7 October 2017, 10am - 4pm. The event is free and suitable for families. The description includes activities like "Operation Man", "Maggot Racing", and "How the fungus got it's spots". There is also a photograph of a person in a white protective suit working with a wooden crate.

Confidence in Care study

Does a 12 week training programme for foster carers or kinship carers improve outcomes?

Research nurses support the study across Wales

224 participants recruited across all Local Authority areas in 2016/7
