

# Strengthening family responses for criminally exploited children

Annemarie Newbury  
Cardiff University - CASCADE  
October 2022-2025

# Achievements

An ethnographic study with parents/ caregivers:

What are the needs of parents and caregivers of criminally exploited children, and how can these needs be better met to enable parents to support and protect their child?

Working with an intervention provider to identify and access families with a criminally exploited child.

**Just started recruitment!!**

# Next Steps

- Commence field observations.
- Formalise research questions following phase 1 of data collection.
- Design interview schedules.
- Conduct interviews with parents and professionals.

# Future Plans

- Produce a report for professionals which considers practice implications.
- Establish a dissemination plan.
- Identify any further areas of research to progress learning/inform practice.
- Explore policy opportunities.
