What's next for me (GROW)

What's next for me

... the generation and flow of new ideas, hypotheses, tools or knowledge

e.g. skills acquired from past research projects, key outputs such as data sets, software, and research and policy publications.

... research teams and the development of others

e.g. management, supervision, or mentoring critical to the success of a team or its members, or strategic leadership in shaping the direction of a team, organisation, company or institution.

... the R&I community

e.g. across disciplines, institutions, and / or countries, commitments such as editing, reviewing and committee work, positions of responsibility, aiding improvement of research integrity or culture, or strategic leadership in influencing a research agenda.

... broader society

e.g. engagement across the public and/ or private sectors or with the wider public, research which has contributed to policy development or public understanding, other impacts across research, policy, practice and business, and other research users.
